- OTHER EQUIPMENT
- ★ SOMETHING THAT HAS COLOURED LIGHTS ON IT - A RED BUTTON AND ITS FLASHING, SEEMS TO BE PAYING MORE ATTENTION TO THE MACHINE WITH A NEEDLE ON IT, WATCHING THAT CAREFULLY, A HIGH WHINE IN THE BACKGROUND, MORE LIKE AN AIR HORN TYPE NOISE
- MOVE BACK OUTSIDE DESCRIBE THE AREA
- ★ REALLY FLAT, HIGH HILLS IN BACKDROP, DRY PARCHED LOOKING, DOESN'T SEEM TO BE NEAR ANY AREAS OF LARGE POPULATION - LIKE YOU COULD GO FOR A LONG TIME BEFORE YOU FINALLY GET HERE, ONE WAY IN AND OUT - ISOLATED

★ A DEEP RUMBLING SOUND, ALMOST LIKE A FLOATING FREEZE -
YOU FEEL IT BUT NOT QUITE SURE YOU FEEL IT - A TEARING,
WRENCHING SENSATION, A SHIFTING, LIKE THE BUILDING

YOU CAN'T GET DOWN THERE TO STOP IT - HEAT IS SO INTENSE -

★ IT IS VERY CAREFULLY SEALED TO APPEAR AS FAULT IN
CONSTRUCTION - NO EVIDENCE OF SABOTAGE INVOLVED

- IT DOESN'T HAVE TO MAKE SENSE - DESCRIBE THE OCCURRENCE
- ★ SLOW RUMBLING, INTENSIFIES TO A SHAKING - A FEELING OF HEAT, MELTING HEAT, PRESSURE LIKE IN AN AIRPLANE LIKE WHEN YOU FEEL YOUR EARS ARE GOING TO POP - LIKE THE WHOLE THING SPLITS OPEN - CRUMBLES
- PERCEIVE NOW THE ENTIRE AREA - DESCRIBE THE ACTIVITY DURING THIS OCCURRENCE
- ★ ... (PLANE DUGGED) THE PLANE PULLED ME AWAY - GIVE ME A MINUTE I DON'T SEE ANY EVIDENCE OF PEOPLE - YES I DO, I SEE EQUIPMENT BEING DISPATCHED - NO ONE IS COMING FROM BUILDING - PEOPLE DRESSED IN SILVER COLORED SUITS - I DON'T KNOW HOW TO DEAL WITH IT - IT'S JUST SO TOTAL
- CAUSED BY THE PEOPLE NOT AGAINST THE PEOPLE - DESCRIBE
- ★ IT'S NOT A - IT'S HARD TO PHRASE IT WITHOUT BEING ALLEGORICAL - IT WAS WELL THOUGHT OUT, PLANNED, MAXIMUM AMOUNT OF DAMAGE TO POINT OF DISABLING, BUT LOW COST IN HUMAN LIFE FACTOR - GEARED TO A TIME WHEN FEW PEOPLE PRESENT - ALMOST LIKE A PROTEST - ~~THE INTERNAL~~ TYPE DISSENSION - SIMILAR TO ANTI-WAR ACTIVIST - THAT TYPE OF PLOTTING - LIKE A MESSAGE

- PAUSE Now - - END SESSION -

Site is a large windowless flat-roofed building of concrete construction. Location is isolated. Flat, cracked dry land with tall hills as a back drop. There only seems to be one small dirt road leading to the building. The building is quite large but not much over 1 tall story or possibly 2. A large portion of the building is below ground.

There is one large room equipped with one male person monitoring equipment. The piece is like a printer with manifold paper (numbers rather than letters). Another is like a (ADL) seismograph/polygraph - needle printer, a line with peaks & valleys. A third piece of equipment has small colored lights (orange) and a rectangular button that is fleshy red. At this point the man begins paying particular attention to the "operator" identity of the needle equipment.

There is the sound of a low deep rumbling from the depths of the building, a purring, which has the a low "vuzh-vuzh" howling sound. There is also an almost imperceptible shifting-feeling-like a gentle breeze that has difficulty to be true passing through. Large planks of concrete are breaking apart and falling and there is a jagged pattern on the roof.

A small compact explosive device(magnetic) has been attached to a high pressure pipe that causes the pipe to release its pressure. The pressure continues to build and eventually ~~eventually~~ ~~eventually~~ causes a chain reaction detonating magnetic to stop or contain

There doesn't seem to be anyone else in the structure.

Others dressed in silvery suits (Aer-like space suits) rush with dragging equipment from another building and then decide that there's nothing to be done. Just face morning one too total.

There is a strong suspicion of internal sabotage rather than outside attack.

* During the time I was experiencing the frustration of the guys in the silver suits, there was an odd sound that I had a difficult time with what outside was following or part of the site? It sounded like a crowd of voices all mixed together in wind whipping around a building. Consensus decided it was a group of survivors calling out for cadre outside the city, but could not verify with monitors.
